

# INTERVOL

## RUMS COLLECTION LIST

InterVol works to redistribute unused medical supplies and gently used equipment recovered from local hospitals, medical facilities, and individuals. **We believe in reducing our carbon footprint by keeping useable medical supplies and equipment out of landfills and serving our community through the redistribution of those supplies and equipment to those most in need.** Please refer to the lists below for a general overview of the types of items we can and cannot accept. Thank you for your support.

### PLEASE NOTE THIS LIST OF ITEMS WE DO NOT COLLECT:

- Any expired items that go inside the body (e.g. drains, shunts, etc.)
